

Return to Play: Step Two- English Clubs only

Issued: 9 April 2021

Back to Bowls

The return of sport and physical activity is vital to the physical and mental health of the nation, and we know our sport has a big role to play in providing an opportunity for outdoor activity as the lockdown restrictions ease.

The government's roadmap to ease lockdown restrictions in England consists of four steps, and bowls as an outdoor sport may resume from Monday 29th March (Step 1).

Outdoor Crown Green for adults and children is permitted in larger numbers, provided it is formally organised (see the section below on 'organised sport' for more information) and follows COVID-secure guidance. Where bowls activity is not formally organised, it can only take place within the rules on social contact – in groups of up to 6 people, or two households.

The government has confirmed that we'll move to Step 2 on Monday 12 April.

The major changes from this date for our clubs and members are highlighted below:

- Outdoor hospitality can open in accordance with the [government guidance on hospitality settings](#)
- Changing rooms can be opened, but participants should be encouraged to avoid or minimise use where possible. Participants should socially distance whilst in changing rooms. Subject to available space, more than one household can use changing facilities at one time but they must not mix and must adhere to capacity limits set by the club
- Travel should be minimised but can take place for the purpose of sport and physical activity. Car sharing, however, isn't permitted
- Spectators are only allowed on public land, where they must adhere to social gathering limits either in groups of six or two households
- Further flexibility has been provided with regard to playing formats and arrangements

To provide additional support to enable affiliated clubs to open safely, we are working in collaboration with the Bowls Development Alliance (BDA), Bowls England and Disability Bowls England to develop club resources under the banner 'Back to Bowls'.

**BCGBA– Return to Play Guidance for Affiliated Clubs, Counties and Associate Members
Step Two – Issued 9 April 2021**

This will include:

- Exclusive access to club resources including signage, posters and sanitisation products
- [Risk assessment template](#)
- Exclusive access to club resources including signage, posters and sanitisation products
- Case studies for 'covid-friendly' sessions and formats
- Review of online booking systems
- Additional information for disabled participation is available.

[Click here for more information](#)

If your club is not affiliated to BCGBA, please email us at registrar@bcgba.org.uk and we can take you through the affiliation process, including connecting you with your County Association.

We recommend that all clubs consider this document together with the government guidance. All items may be adapted as necessary to meet your club's specific circumstances, so long as your actions remain consistent with government advice and social distancing requirements. This guidance is applicable from Monday 29th March and replaces all previous guidance that we have issued.

This guidance is applicable from Monday 12 April and replaces all previous guidance that we have issued.

Roadmap Timeline

The government will review four tests ahead of each Step. The dates outlined within this document are the earliest that we may move to each step and may be subject to change. You can read a summary of what will be included in each step [on the government's website](#).

- Step 1: Monday 29 March
- Step 2: Monday 12 April
- Step 3: begins no earlier than Monday 17 May (confirmation expected w/c Monday 10 May)
- Step 4: begins no earlier than Monday 21 June (confirmation expected w/c Monday 14 June)

We're continuing to work with the government, via DCMS, and Sport England to answer your questions about the roadmap and what this means for our sport.

As we move through each new Step of the government's roadmap, we will update our guidance accordingly. Please note that this guidance is based on the information published by the government to date, and will be updated following any further updates. A maximum of one week's notice ahead of each change is expected.

Organised sport

For the sport of outdoor Crown Green bowls any activity organised under the jurisdiction of BCGBA by affiliated clubs, counties and associate members in accordance with this guidance is recognised as organised sport in accordance with DCMS guidance. This includes:

- National Competitions
- District and county competitions involving affiliated clubs only
- District and county leagues involving affiliated clubs only
- Fixtures between affiliated counties
- **Club fixtures between affiliated clubs**
- Internal club events or organised sessions for club members
- Coaching by a qualified coach (see section on coaching for details)
- On green training provided by the Bowls Development Alliance

Any activity not listed above is not recognised by BCGBA as organised sport and will need to follow the guidance on outdoor legal gathering limits as this is considered to be informal or self-organised sport. This includes any casual play (for example 'roll-ups') and any activity involving clubs, leagues or associations not affiliated to Bowls England.

Whilst organised sport removes the restriction on legal gathering limits during participation, the relevant organising body (club, county, league or Bowls England) must consider the risks and set out ways to mitigate them so people can participate safely in accordance with this guidance. Informal or self-organised sport is not covered by any exemptions.

**BCGBA– Return to Play Guidance for Affiliated Clubs, Counties and Associate Members
Step Two – Issued 9 April 2021**

We will review our guidance for organised sport as the restrictions are eased to maximise participation whilst maintaining a safe environment for all participants.

If you wish your club or leagues activity to be defined as organised sport and are not affiliated to BCGBA please email us at registrar@bcgba.org.uk

Step 2: Monday 12 April – Key points

From Monday 12 April until Step 3, the following applies to outdoor Crown Green bowls :

- Crown Green bowls may resume
- Play is permitted in accordance with the guidelines in the Table below – this is for Step 2 only and will be reviewed as the restrictions are eased by government
- Clubs are advised to implement a pre-booking system in order to manage attendance at the club, and to ensure adequate time between booked sessions
- Travel should be minimised but can take place for the purpose of sport and physical activity. Car sharing, however, is not permitted
- Spectators are not permitted in any outdoor bowls club, except on public land. When on public land, spectators should adhere to gathering limits in groups of six, or two households. Public land includes:
 - parks, beaches, countryside accessible to the public, forests
 - public gardens (whether or not you pay to enter them)
 - the grounds of a heritage site
 - playgrounds

This restriction on spectators doesn't apply for people with disabilities, or adults needed to supervise under-18s in a safeguarding role. Where it's necessary for them to be present, supervising adults shouldn't mix with others from outside their household or support bubble.
- Bowls coaching and other curriculum-based activity is permitted
- Greens maintenance is permitted
- Outdoor hospitality can open in accordance with the [government guidance on hospitality settings](#)
- Changing rooms can be opened, but participants should be encouraged to avoid or minimise use where possible. Participants should socially distance whilst in changing rooms. Subject to available space, more than one household can use changing facilities at one time but they must not mix and must adhere to capacity limits set by the club

Format of Play

Organised sport	Informal activity
Singles, Pairs, Triples – Jacks as appropriate to green size. League Matches - Team Players permitted	The 'rule of six' applies OR two households

Any combination of formats may be played, however the maximum number is based on the number of jacks on the green (outdoor green at any one time should not exceed 16 players). Clubs with more than one green can amend the figures to accommodate similar numbers on approved additional greens. **Players must follow social gathering limits before and after the activity.**

Social interaction before and after play should only take place in separate and distinct groups consisting of up to six people or two households.

Equipment

Try to avoid using shared equipment whenever possible – players are advised to have their own mat/jack during any session. If you are sharing equipment, for example jacks/mats, practise strict hand hygiene including sanitisation after using any shared equipment. Should measuring be necessary, players (or marker if used) must use their own measure.

The following items can be utilised during any session:

- Mat / Footer
- Bowls
- Jack
- Gloves
- Scorecards (these should be retained by one person only if required)
- Bowling arm/lifter (for use by one person only if required)
- Bowling aids (for players with a disability if required)

The following items are deemed optional – it is for individual clubs to permit their use or otherwise:

- Scoreboards
- Bowls pushers

Spectators

Spectators are not permitted in any outdoor bowls club, except on public land. When on public land, spectators should adhere to gathering limits in groups of six, or two households. Public land includes:

- parks, beaches, countryside accessible to the public, forests
- public gardens (whether or not you pay to enter them)
- the grounds of a heritage site
- playgrounds

This restriction on spectators doesn't apply for people with disabilities, or adults needed to supervise under-18s in a safeguarding role. Where it's necessary for them to be present, supervising adults shouldn't mix with others from outside their household or support bubble.

Travel

Travel should be minimised but can take place for the purpose of sport and physical activity. Car sharing, however, is not permitted.

All participants must follow the [government's guidance on safer travel](#).

Changing rooms

Changing rooms can be opened, but participants should be encouraged to avoid or minimise use where possible. Participants should socially distance whilst in changing rooms. Subject to available space, more than one household can use changing facilities at one time but they must not mix and must adhere to capacity limits set by the club.

Coaching

Outdoor coaching sessions are classed as organised outdoor sport, and can take place where it's formally organised and follows Covid-secure guidance.

Hygiene

Hand sanitise at regular intervals, especially if you have to touch communal surfaces or equipment. Once you are home, remember to wash your hands thoroughly.

Frequently asked questions

Does guidance on face coverings apply for bowls?

You're not required to wear face coverings while taking part in the sport of outdoor bowls. Sport England advises that all forms of face coverings may restrict breathing efficiency and should not be used during exercise unless your doctor advises it.

Do I need to be vaccinated to participate in outdoor bowls?

There is currently no requirement from government for participants to have been vaccinated and clubs are advised not to restrict access to our sport to anyone who has not yet received the vaccine.

Can we provide refreshments?

Outdoor hospitality can now be provided in accordance with the [government guidance on hospitality settings](#). Social interaction before and after play should only take place in separate and distinct groups consisting of up to six people or two households – this can be six individual people OR two households.

Can we open the changing rooms and toilets?

Changing rooms can now be opened, but participants should be encouraged to avoid or minimise use where possible. Participants should socially distance whilst in changing rooms. Subject to available space, more than one household can use changing facilities at one time but they must not mix and must adhere to capacity limits set by the club. Toilet facilities can also open.

Are spectators allowed?

Spectators are not permitted in any outdoor bowls club, except on public land. When on public land, spectators should adhere to gathering limits in groups of six, or two households. Public land includes:

- parks, beaches, countryside accessible to the public, forests
- public gardens (whether or not you pay to enter them)
- the grounds of a heritage site
- playgrounds

This restriction on spectators doesn't apply for people with disabilities, or adults needed to supervise under-18s in a safeguarding role. Where it's necessary for them to be present, supervising adults shouldn't mix with others from outside their household or support bubble.

Are club meetings permitted under the 'rule of six'?

The 'rule of six' enables up to six people to meet outdoors from Monday 29 March. We recommend that any larger meetings are conducted virtually until further notice. Sport specific guidance on organising virtual meetings, including Committee Meetings and AGMs, is available from [Sport England Club Matters](#).

Is greens maintenance work permitted?

Yes – greens maintenance work is permitted as it is 'work that can not be carried out at home'.

The most comprehensive advice for greens maintenance is available via the [Grounds Management Association](#), of which BCGBA is a member.

Can I travel to take part in the sport of bowls?

Travel should be minimised but can take place for the purpose of sport and physical activity. Car sharing, however, is not permitted. Participants must follow the [government's guidance on safer travel](#). Participants should note that this guidance will be updated as we move through the different steps of the government's roadmap. All participants should therefore regularly review this guidance to make sure they are following up to date information.

Is coaching permitted?

Outdoor coaching sessions are classed as organised outdoor sport, and can take place where it's formally organised and follows Covid-secure guidance.

What should we do to keep facilities and equipment clean?

Cleaning protocols should be put in place to limit coronavirus transmission in public places. Touch points (e.g. handrails and gates) should be particular areas of focus for increased cleaning.

What advice do you have to maintain hygiene?

To help everyone maintain good hygiene, consideration should be given to the following:

- Using signs and posters to build awareness of good handwashing technique, the need to increase handwashing frequency, avoid touching your face and to cough or sneeze into your arm. Consider how to ensure safety messages reach those with hearing or vision impairments
- Providing regular reminders and signage to maintain hygiene standards
- Providing hand sanitiser in multiple locations in addition to washrooms
- Setting clear use and cleaning guidance for toilets to ensure they are kept clean and social distancing is achieved
- Enhancing cleaning for busy areas
- Providing more waste facilities and more frequent rubbish collection
- Using disposable paper towels in handwashing facilities where possible
- Minimising use of portable toilets
- Provision of automated hand sanitising dispensers in public places

Will there be different local restrictions?

At this stage, in England we understand that the relaxation of restrictions will occur at a national level at the same time. Clubs/counties must adhere to any local restrictions should any be imposed in the future.

What activities can disabled people take part in?

Organised outdoor bowls can take place where it follows the government's guidance on recreational team sport and grassroots sport and leisure activity.

Where disabled people need support from a carer or personal assistant during activity, will this be allowed, e.g. a visually impaired bowler?

Yes. People who provide essential support (e.g. carers) to disabled people are exempt, and don't count towards gathering limits. Therefore, disabled participants can be supported by a carer(s)/personal assistant(s) while taking part in the sport of bowls.

Do I need to maintain social distancing if I'm working with a disabled person who needs support?

Social distancing should be maintained where possible, but in some circumstances people will need physical assistance to be active. It's important you discuss this with the person to consider their needs and preferences. Any sports coaches or trainers undertaking one-to-one sessions should ensure they're complying with relevant national governing body safeguarding policies and procedures and conduct a thorough risk assessment before engaging in any sessions. This should include particular consideration for under-18s and vulnerable adults.

What are the test and trace regulations?

Clubs should [display an NHS QR code that participants](#) can scan using a mobile device. This is to help trace and stop the spread of coronavirus. Alternatively, ensure you maintain a separate log including contact details so that contact tracers can get in touch with people if required. To support NHS Test and Trace, you must hold records for 21 days. This reflects the incubation period for coronavirus, which can be up to 14 days, and an additional seven days to allow time for testing and tracing. Notify the venue operator if possible.

The future

Step 3 (Monday 17 May at the earliest)

- Larger groups able to gather at clubs
- Inside catering permitted with restrictions
- Overnight stays allowed

Step 4 (Monday 21 June at the earliest)

- All restrictions are expected to be lifted

PLEASE NOTE THIS IS OUR CURRENT EXPECTATION BASED UPON THE GOVERNMENT ROADMAP BUT NOT OFFICIAL GUIDANCE.
